To Whom it May Concern.

Dear Sir/Madam,

DUNCAN LUNAN

Duncan Lunan was charged with the awesome task of being in charge of the 1990 Cultural Photographic Archive.

Steadfastly and diligently, Duncan took control of over 12,000 unique images and successfully transformed the collection into a viable working commercial archive.

Duncan's quiet personality belies a strong, caring character. Self-motivated, he needs little overseeing. Any employer gaining access to Duncan's not inconsiderable skills will be very fortunate.

Yours faithfully,
GLASGOW 1990.
